

2020-2021 Taos Ski Valley Lodging Guest Screening Protocol

Dear Village of Taos Ski Valley Guest,

Thank you for choosing to spend time in Taos Ski Valley here at the Edelweiss Lodge and Spa. Our community welcomes safety-focused visitors who pledge to follow all of the precautions to fight COVID-19 in our area. Our community is committed to the safety of its residents, business owners, their employees, and visitors.

Here are some helpful links regarding travel to Taos Ski Valley:

- ✓ [New Mexico's Department Travel Recommendations](#) are updated every Wednesday. We ask that you review these guidelines carefully and plan accordingly.
- ✓ Taos Ski Valley Resort has published its [Winter Operations Plan](#), which describes the extensive COVID-Safe Practices and requirements put in place for the 2020-21 ski season.
- ✓ You can also read the [New Mexico Department of Health COVID-Safe Practices for Ski Areas](#).

While you are in our valley, we ask that you:

- ✓ Follow the [CDC Guidelines for spread prevention](#); wear a mask at all times, wash/sanitize hands often, avoid close contact and monitor you and your family's health daily. (Buffs, bandannas and gaiters do not count as a mask.)
- ✓ Have the head of household/family member take the COVID Screening questions on behalf of your family.

If you have additional questions regarding COVID-19 in New Mexico, this [FAQ](#) may help. Thank you in advance for doing your part to keep the Village of Taos Ski Valley safe this winter.

-The Edelweiss Lodge and Spa

Guest Screening Questions: Please note that you will be required to answer the following Covid-19 screening questions upon your arrival in Taos Ski Valley. This is a requirement for all guests staying overnight in Taos Ski Valley this year and documentation of the screening will be required by local authorities.

1. Have you experienced any new or unexpected cough, shortness of breath, sore throat?
2. Have you lost your sense of taste or smell in the last week?
3. Do you have any new or unexpected fatigue?
4. Have you felt feverish, experienced chills, or had a temperature of 100.4 or above?
5. Have you had any new or unexpected muscle aches, vomiting, or diarrhea?
6. Have you been in close physical contact with a person who tested positive for COVID-19 within the past 14 days?
7. Are you isolating or quarantining because you are worried that you may be sick with COVID-19?
